

P7 Personal Project

This year you have worked hard to improve your writing and research skills. Now is your chance to use these skills to do a research project on a topic of your choice.

If possible we would like these in by June 19th.

Think about what you would like to research. This should be something you are personally interested in and would like to know more about.

Some examples:

- ➔ How something (car, hot air balloon, hair dryer) works.
- ➔ A person's life
- ➔ A particular animal
- ➔ A historical event
- ➔ A country
- ➔ A sport
- ➔ Cooking
- ➔ Gardening
- ➔ A part of your own family history

If you have done a personal project in previous years, please choose a different topic. Your work should be at least 8 pages and can be typed or handwritten. You should include:

- ➔ A front cover

- ➔ Contents page
- ➔ Introduction
- ➔ Subheadings for each new part of the project
- ➔ Pictures and diagrams
- ➔ A conclusion
- ➔ Bibliography

Remember all the great skills you have learned doing your enquiry and use them for your personal project.

I look forward to seeing them!
