	Glasgow	March	2	£869	£763	£219
	Heathrow	March	2	£871	£766	£215

1. Two adults and one child travelling to Egypt from Edinburgh for two weeks.
2. Two adults and one child travelling to Egypt from Glasgow for two weeks.
3. Two adults travelling to Egypt from Heathrow staying for two weeks and then staying one additional week.
4. Two adults and two children travelling from Edinburgh to Italy staying for one week and then staying for an additional week.
5. Two adults and two children travelling from Glasgow to Italy for one week.
6. Two adults and two children travelling from Heathrow to Italy for one week.
7. If a family consisting of two adults and three children want to travel to New York to stay for two weeks and then an additional week, from where would it be cheapest for them to travel?
8. From where would it be most expensive for them to travel?
9. A special offer has just come in to the travel agents. If a family spend over £5120 on their holiday to New York, they can have £99 taken off the total cost of the holiday. Which would be the cheapest now.
10. Use the price list to plan and work out the cost of a holiday of your choice. Think about:
  - from where and to you are travelling;
  - for how many weeks will you be going;
  - how many people will be travelling.
