

The children had a throwing competition. They measured their throws. Complete the table so that they can compare the throws more easily.

Child	Length in m and cm	Length in cm
Sara	3 m 89 cm	
Arlo		401 cm
Jeff		296 cm
Ruby	5 m 09 cm	

Tick the statements that are true.

56 g can also be written as 5kg 6g.

There are 1000 g in a kg.

2000 ml is the same as 2 litres.

Two 500 ml bottles make 1 litre.

I think My teacher thinks
