

Primary 7 Home Learning – 15th June 2020

It is your last full week at Bearsden Primary School! This week the home learning all about moving from primary to secondary school. Please let us now if you have any questions!

Goodbye Card for Buddy

Create a 'Goodbye and Good Luck!' card for your P1 buddy. You should include a picture on the front and a nice message inside saying what you have enjoyed about being their buddy and wishing them luck for the future! Send us a picture of these and we will find a way to share them with your buddy, even if it is when they start Primary 2!

Numeracy

Timetable activity

Attached is an example of a secondary school timetable and some questions. The teachers, rooms and times are made up but this is a very useful task because it will let you practise reading a timetable and working out where you are supposed to be and when!

Revision

This week we would like you to choose an area of maths that you think you need to practise before you go to secondary school. This website has great videos and activities for you to complete. If you're

not sure which area to work on, just get in touch!

Literacy

Secondary School Transition Booklet

We have attached this booklet which has several activities for you to complete relating to moving from primary to secondary school. The move is very exciting but also quite scary so hopefully this will help you think about what you need to prepare before you move and might make you think of some questions you want to ask.

P7 Personal Project

Continue your personal project. See separate document for details on this.

STEM

Dyson have made these great STEM activity cards. A lot of them use resources that you may already have around the house. Make sure you get a permission from a parent before you do them!! Please send in some pictures if you do try any of them.

General Knowledge Quiz

Each Wednesday we will post a general knowledge quiz.
